IMPACT ProMotion

Continuous motion high speed side sealer

Technical specifications

	Impact ProMotion 20	Impact ProMotion 40	Impact ProMotion 60	Impact ProMotion 80
Sealer Opening: 250mm	Max. Packaging Sizes (WxLxH): 170 x Unlimited x 250mm	370 x Unlimited x 250mm	570 x Unlimited x 250mm	770 x Unlimited x 250mm
Max. Speed: 30mt/min	Cross Sealer Length: 400mm	540mm	730mm	930mm
Max. Cycle: 80 packs/min*	Conveyor Belt Width: 200mm	400mm	600mm	800mm
Max. Roll Diameter: Ø 270mm	Max. Film Width: 700mm	700mm	1000mm	1000mm
Working Height: 860mm	Installed Power (50-60Hz): 400V, 3x7 Ampere, 3 Phase	400V, 3x7 Ampere, 3 Phase	400V, 3x7 Ampere, 3 Phase	400V, 3x9Ampere, 3Phase
Optionally Higher (+50mm)	Consumption (Max. / Average): 7 kW / 5 kW	7 kW / 5 kW	7 kW / 5 kW	9 kW / 6 kW
Film Types: 7-40 µm PO, PP "V" Knife	Dimens. (AxBxC): 1190 x 3255 x 1885mm	1400 x 3255 x 1885mm	1855 x 3755 x 1930mm	1935 x 3755 x 1930mm
40-80 µm PE, OPP "W" Knife	Palletized Size (AxBxC): 1500 x 3450 x 1600mm	1500 x 3400 x 1600mm	2000 x 3950 x 1650mm	2200 x 3950 x 1650mm
Color: Mixed grey + RAL7010 + RAL7015	Weight (Net / Gross): 700 kg / 790 kg	980 kg / 1010 kg	1090 kg / 1250 kg	1140 kg / 1320 kg

* Real working speed depends on the product dimensions and the film type.

* Minimum packaging width for Impact ProMotion 60 and Impact ProMotion 80 series: 250mm

Advantages:

- Nonstop operation with continuous motion system
- Dual axis servo motor driven cross sealing
- High precision and consistency with cross and side seal
- Packaging with no length limit
- Control of film quantity on the 4 sides of packages for saving results
- Minimized layout requirement by compact single-chassis design
- Reduced energy & increased safety

Features:

- Touch control panel with color screen
- Encoder controlled speed & length aware synchronization
- Easy format change for different package sizes
- Regular or finger pitch conveyors for feeding can be applied
- Ergonomic operator panel with most useful hard buttons
- Up-to-date safety electric and mechanic measures of CE directives
- Cross and continuous knives with PID controlled heaters
- Automatic film dispenser with tension control
- Photocell controlled package distance positioned feeding
- Automatic length detection option

Sealing:

- Film sealing under no distortion with non stop and tight operation
- Up to 15% advantage in film consumption
- Film tension releasing on the cross-sealing point
- Trim winder is designed to control very thin films without breakage
- Height adjustable cross sealer (Optional motorized)
- Adjustable "Central Sealing" for varied package height applications

Flexibility:

- Native languages can be applied
- Recipe application with different package dimensions
- Warning messages for potential emergency cases
- "Navigation Control" for actual throughput and estimated packs/ time units

Optional:

- Double seal feature on cross sealer for high thickness or PE material
- Control of external infeed conveyor through operator panel
- Vertical photocell to detect thin packages
- Printed marker registered film detection & application

Quality:

- ISO 9001 quality standard with the relevant norm's confirmations
- CE marking
- One year warranty on non-wearable parts
- Manufacturer's guarantee for spare part & after sales support
